2014 EMEA Regional Meeting in Prague

Our firm had the pleasure of hosting the **International Alliance of Law Firms** (prolinkovano <http://www.ialawfirms.com/>) **2014 EMEA Regional Meeting in Prague** last week. It was the largest regional Alliance EMEA meeting so far with **over 45 lawyers attending**. During this two-day event the EMEA law firms representatives had the opportunity to meet each other again after the Annual GM in Seattle and discuss professional matters of mutual interest, including the Alliance President's report, Financial and Expansion Reports, a Banking Update seminar was held on Bank Secrecy, Anti-Corruption and Anti-Laundering. Our firm took the opportunity to highlight its largest and most prominent projects it works on, including the **Extreme Light Infrastructure (ELI) Project**. Guest speakers included Prof. Jan Řídký and Roman Hvězda from ELI Project, Institute of Physics, Czech Academy of Science. We thank all the participants for their pleasant company and look forward to seeing them again at the next AGM and RM in 2015!
